

WHAT PUPILS SAID ABOUT DR MARK'S SHOWS

"I never knew science could be such fun..." "...You made science fun and I definitely want to be a scientist." "...You told us some things we all thought were difficult but you made them sound fun and you told us how to do it in an easy way." "...we really enjoyed your work with us and because of your talk I want to be a scientist when I'm older...I thought the science was really fun." "...When I grow up I want to be a scientist. I love science now. Before you came I didn't like science..."

- from children at Shorne C.E.P. School, Kent

"Thank you for talking to us and showing us amazing things..." "...I learnt lots of stuff but it was in an interesting way which helps it stay in your head...It was even better that I thought it was my favorite thing that whole week..."

- from children at The Queen's School, Surrey

"Thank you for coming to our school. I enjoyed it very much...please come back." "Thank you for showing your experiments to us...We hope you come again." "...My favorite experiment was the rocket launcher – it nearly gave everyone a heart attack. Thank you."

- from children at West Kingsdown Primary School, Kent

"...I found the day really educating, fun, interesting....you made it so easy to understand. I think you are very good at your job and also simplifying things so that children can understand...I really enjoyed it." "...I found the day interesting because you taught us some more about science and the activities were fun...Please come back soon with something else about science..." "...it was fun can you come again please..." "...I hope you come back to see us because I think you are really good at doing rockets and being nice to me." "...I found the day really fun/interesting and enchanting because of all the experiments we did...I know I will NEVER forget the fun we had..." "...I found the day very very very exciting...I learnt more than I expected" "...I learnt that science is very fascinating and although it was my second best subject now it is my first best..."

- from children at Knights Enham Junior School, Hampshire

"...I loved your show, it was so exciting! I learnt a lot and enjoyed everything I saw. Some of the things were really amazing. I never knew they existed!..."

- from Safia in Richmond, Surrey

"Thank you for coming. We don't think science is boring anymore."

- from Claire, Mattie, Harriet and Natasha, London

"Thank you very much for showing us some science experiments they were amazing. I had so much fun..." "I really loved the science magic show and the science experiments were real cool..." "Thank you for a great time and for doing your cool experiments..." "...I'm putting on a science show like yours to my family. I know my mum won't like the bang and the rocket..."

- from children at Eardley Primary School, Wandsworth, London

"...Out of all of the shows I have seen, yours was the best. My whole life I've wanted to be a computer programmer, but after seeing you I would prefer to be a scientist. Please come again." "I enjoyed your visit and I told my mum about you...I hope you come back again soon."

- from children at Highgate Primary School, London

"I really enjoyed your science magic show, I saw things I could not believe were true....The forces workshop was brilliant....thank you for helping my science vocabulary..." "...I think you are an exciting person to work with and fair and I think it seems exciting to be a scientist...I think you are a good scientist for making everyone know what you was talking about and letting everyone have a go on your experiments."

- from children in Sidcup, Kent

"...you make learning so easy and fun...I really wish that you could come again..." "I don't usually enjoy science very much but you showed me it can be quite a lot of fun and interesting too. I hope you can come back to our school again soon." "I thought that the assembly was wonderful...I understand and enjoy science much more now." I enjoyed all the science tricks you showed us...Now you really have shown me what science is really about..." "Thank you for showing us lots of science tricks....It was really fun and interesting....you've made me enjoy science so much more." "Thank you very much coming and showing us how fun science can be...(and)...for also teaching us how to do those really cool tricks...You showed me how much fun science could be...I have tried some tricks you taught me at home..."

- from children at the City of London School for Girls

"...It was good when you did your science tricks...it was wicked...I hope you will come again." "...it was a wonderful (science) show." "...It was an interesting show I was amazed..." "...I want to be a scientist when I grow up like you...I wish you can come again because it was fun..."

- from children at Priestmead First School

"Thank you for showing all your wonderful things. I thought it was really good...I really did enjoy your experiments. I would love to see them over and over again..."

- from Tia at Park Lane Primary School, Reading
