

(TEXT FROM AN EMAIL LETTER)

Dear Mark

*Many thanks again for running a CPD workshop at our Primary Science Conference in February 2012.*

*I am pleased to provide you with the feedback from your sessions:*

- *Lots of good ideas. Very practical.*
- *Practical and had good ideas that can be used immediately.*
- *Lively and useful. Reflective for teaching of science. Booking presenter for science week!*
- *I really enjoyed this session. It was great to see different practical options and the questions.*
- *Enjoyed the actual experiments! I'll try out a lot of his experiments and use his questioning techniques.*
- *Great ideas.*
- *More fantastic ideas with lots of ideas to download from his website. Learnt how you could deliver the ideas in a fun way.*
- *Zappy, fun, but useful and easy to see the ways it can be put into practice even in Early Years.*
- *Provided good ideas and a useful link to further resources.*
- *Great!*
- *I'm full of ideas and new ways of teaching different concepts.*
- *Great to have a resource that provides experiment ideas.*
- *Good ideas and demonstrated ways to inspire children to ask/answer questions.*
- *Inspired me to teach in a more practical way.*
- *Excellent ideas shown.*
- *Great for KS1.*
- *Very engaging and come away with some great practical ideas and resources.*
- *Very useful ideas and clarity in how to get children to be observers and thinkers in science.*
- *Good - very lively and good fun with good ideas.*
- *Useful to think about the language we use in science.*
- *Great ideas for teaching and extending questioning.*

*Kind regards.*

*Sophie*
