

TEAM WORK FOR TEACHERS

How to Build and Maintain a Productive and Happy Team

Course Overview:

The success of your school depends not just on you're your teachers perform individually in the classroom but also on how everyone works as a team - the whole really is bigger than the sum of the individual parts! Building and maintaining a productive school team benefits everyone and this course is designed to allow you to learn how each member of your staff team can contribute positively and productively.

Fostering a culture whereby everyone feels they have something unique to contribute, along with a commitment to collaboration, and open and honest communication, can allow your team to reach its full potential. This course is designed to show you how to work confidently within a group, contribute your ideas effectively, take a share of the responsibility and be assertive rather than passive or aggressive, and be able to accept and give constructive feedback. All of which will support the development of a dynamic and successful school team which can weather whatever changes come their way.

This course will show you:

- How to understand your role in the team and use your strengths to make a meaningful contribution while allowing you to do what you do best!
- How to build strong relationships with people around you
- How to effectively communicate what you like and what you don't like while staying positive and respectful
- How to cultivate and maintain a positive attitude
- How to combat negativity in others
- How to enjoy working as part of a productive and successful team

“ I have enjoyed the day and will use the tools from the course to help support my team's development. ”

“ I liked the activities we had to do. Trainer very knowledgeable. ”
